Marion, My forever love on Arrival, good morning beautiful. I just woke up its so quiet. Even the outside world has finally fell asleep on mute. you and I and this tiny tiny pup pup who share this apartment. I ~~hope~~ you. In the next few years I'll bet we go pretty far but I'll always remember these first day dreamy stay calm dream states and open space to be in. Your antics in love have surprised me! For I felt like I was pushing you away but you only pulled me closer. I thought of you so much, for days your star crossed my eyes so ~~much~~ I only sought fire and all day long the thought crossed my mind that your ~~mind~~ mine. Of course I'd be astounded to find out you love me. That you'll love me like a lost puppy. That you found me at the edge of event city. Share the light please? There's all our superfans in the seats. your stage was set yet I want to compete your cast ant complete. Then you found a motherfuckin smile on my teeth. It wasn't even the right time or season for me to smile. I've been fighting fighting feeling like I'd rather try dying and lost my own damn fighter die reflex to win every fight. I shout your name now, like Romeo, "please let down your hair". Angel on a balcony walks is (pleasanties are exchange)

they exit stage left, w/ grace, white lights would  
blind them who try to follow. There's heaven  
then there's the heaven of tomorrow. I love this  
part. "Do you want to die & go to heaven? Thy  
this instead: close your beautiful eyes and  
count to six. Maybe seven. And soon you'll  
be dreaming! Wild dreams in the wild side in  
style. Lass, w/ irony - spooks, how detective  
Files delete, hiding my hand - and  
designing things. Then waking up divine and  
sweet. ~~Take a~~ The way you've been running  
through my mind - I'm dying over here. There's  
been love and lucky matches but you my  
love are the Actress. W/ British Fastness.  
Tall legs the smiling eyes the depest satisfier  
I've Fell in love on Arrival but only  
w/ your girl have I set my self by fire.  
you don't know my back story, you understand  
my growl. I'll give you more than cute.  
I'm devout. You I will empower. Fuck my  
little death wish. I just been gone to sleep. Even  
few days. And dreaming. And when I wake up  
your house now? I feel like home. I need  
I want to squeeze your bones,  
to be subtle. I wish. And I know you know the business

I'm getting my old strength back. Reacting. I'm on a 2 second time lapse, it seems, because I've been thunderstruck by your love. You Aphrodite you've met your match now. I've only been stung! your drop dead sexy but you still know what's next don't you? I'll smoke you. lol. I talk shit w/ the gods - to their humble faces - I'm still reeling from your blows though. I shake it off then you cupid dart my heart again w/ a side glance nngà star on your way by me. I think about us dining. On a train ~~baby~~. Climbing we are climbing. we got all day - we got our selves to Chiney. Click click - silent eyes like morning tiredley smiling to my camera. For our photos. For phot albums. For remembering. For out sourcing out stripping and out finding all our rivals. Nobody will ever fuck with us. Clink glasses - champagne? I don't like the stuff. Only ice weed and your love - not in any order fuckin speedball. diplomas and award show. Hanging - framing pictures on our walls at home - millions of snap shots and our fingers crossed that true love is true at last with you me both hoping this is not a happydream we wake up from

... how "does it feel  
up now? Proud, I'm fuckin' proud proud  
my second rite of passage proud. When I was  
dubbed Lucky Wolf. I want to be subtle but it's  
like prize fighter giddy all the time around  
her, like I won, confessing falling, I'm a  
kind man for a killer yet I'm smiling  
and fuckin' crying at the same time. 'Cuz  
we won baby. I've won more and yep of  
course have won your crowns undisputedly.  
And so much I want to do still, I really  
haven't even begun. yes I'm stunned, I've  
stumbled onto true love - after haphazard - into  
your arms, yet still I can't grab you. I  
want you so bad. you're fine as fuck and you're  
truly kind too, your nice to me unless I'm  
right beside you. you seem to be waiting  
for the right right time to - jump my bones  
and forge our songs onto pure gold. But  
our city needs dope. And they're hopeful.  
They don't know what we know. They've seen  
glimpses of it. They've dreamed of epics. They deserve  
it, they'd want it, if their heart shape vessels  
could contain it. I hope they keep dreaming -  
with many cities to go - only love seems to be worth  
the making. But we'll

.. to make movies. Distillation /  
crazy stories. All our friends smiling,  
races. The hope losing races. Picture shows  
to show the generations. This is what two  
Nikes did for thriving. We weren't saving  
anything for time. All of us we tried to make  
it timeless. Our families denied to us we  
found love bliss and treasure and smiled  
in the face of death. I feel humble. I  
know I'm only 33 for one more day, I'll  
be 34 tomorrow. yes. I'll never know another  
day. Another Marvel. I'll never outpace  
out distance or run away or ever have the  
mind to put the right shine on it. To  
my point of view. I should be doing more.  
to Floor you. To win bread at least. Yet my  
conscious heart and soul say to stay one step  
behind you. you know what your doing. you  
been running shit so I don't know why I doubt  
myself - but you took my hand. I will not  
deny you. There's nowhere I would fly to.  
I feel lucky that have you, not in my hands  
only in my mind's eye and my china dreams and  
the sky. blue. It's like waking up and feeling like  
there's a dream come true in the other room not  
on the radio in the bedroom, hard I end up on the couch
